The passport must be entirely visible within the designated frame, with no edges cropped or obscured.

What is Accepted –

- ✓ Capture the bio page in a color image
- ✓ Passport is fully visible, including all corners, within the stencil frame
- ✓ Acceptable File format Jpeg & Jpg maximum size up to 2MB.
- ✓ Parents Passport page with Signature page required for Minor application

What is Not Accepted –

- X Black & white or grayscale images.
- X Tilted or slanted positioning of the passport
- X Grainy or low-resolution images
- X Any part of the photo or text being cut off or unreadable
- X Scanner watermarks or digital artifacts
- X Fingers covering any part of the biodata page

The Machine-Readable Zone (MRZ) should be clear and visible.
